📄 PROFILE

Computer Science and Engineering undergraduate (3rd Year BE - CSE) with strong foundations in **Data Structures, Algorithms, OOPS, and DBMS**. Proficient in **Java, Python, C, SQL, and JavaScript**, with hands-on experience in **Full-Stack Web Development using React.js, Node.js, Express.js, and MySQL**. Experienced in developing academic and real-world projects including web applications and machine learning-based systems. Passionate about building scalable software solutions and continuously enhancing technical expertise.

🧠 SKILLS

Programming Languages:

Java (Intermediate), Python, C, JavaScript, SQL.

Frameworks & Libraries:

React.js, Node.js, Express.js, FastAPI, Flask, PyTorch, NumPy, Pandas

Developer Tools:

GitHub, VS Code, Eclipse, Docker.

Core Subjects:

DSA, DBMS, Operating Systems, Machine Learning, DevOps.

🎓 EDUCATION

Bachelor of Engineering

ATMECE, Visvesvaraya Technological University

09/2023 – 08/2027 | Mysore, Karnataka

Current CGPA : 8.68

Pre University Education

Citizen's PU College, Karnataka State Board

2021 – 2023 | Nanjangud, Mysore

Secured 528 Out of 600 Marks(88%).

SSLC Board

Citizen's State High School

2020 – 2021 | Nanjangud, Mysore

Secured 78.4%

📁 PROJECTS

Skill Bridge Connect- AI Powered Service

Marketplace 🔗

- Developed a full-stack web platform connecting customers with verified skilled service providers in the gig economy.
- Designed a role-based system (Customer, Worker, Admin) with secure JWT authentication and authorization.
- Integrated AI-powered semantic search using BERT for intelligent skill and service matching.
- Built verified worker profiles with certificate uploads, ratings, and review mechanisms to enhance trust and transparency.
- Developed an admin dashboard for analytics, performance monitoring, and content moderation.
- Focused on real-time coordination and improving reliability over traditional service marketplaces.

Event Management System 🔗

- Developed a dynamic event management web application with frontend and backend integration.
- Designed responsive UI using HTML, CSS, and JavaScript.
- Built RESTful APIs using Node.js and Express.js for handling event operations.
- Created and managed MySQL database schema (event_management.sql) for storing event data.
- Implemented server-side configuration and database connectivity.

CERTIFICATES

Centum in 2nd PUC Board

Moment of Honour Presented for Centum Achievers held in the year 2022-23 by department of Pre University Education Government of Karnataka.

NPTEL Online Certification

This Certificate is awarded by IIT Kharagpur for successfully completing the course "Programming in Modern C++ " with a consolidated score.

VTU Honours Course Completion

This Certificate is awarded by Visvesvaraya Technological University – Centre for Online Education for successfully completing the Elite GOLD Honours course "Programming in Java" with 3 credits during the academic year 2025-26.

COURSES

Full Stack Web Development

Udemy-Online Learning Platform

Enthusiastic in learning Web Development that includes HTML, CSS, JS as Front-End tools and NodeJS, PostgreSQL, API as Back-End tools.

Python Programming

Udemy-Online Learning Platform

A Complete bootcamp of Python programming that includes learning Data Science, Automation and building apps, games and 100 Projects.

Programming in Modern C++

Swayam-NPTEL

This course provided an in-depth understanding of advanced C++ concepts, including smart pointers, templates, concurrency, and modern best practices

AI Engineer Bootcamp

Udemy-Online Learning Platform

Gained hands-on experience in AI fundamentals, Python programming, NLP, LLMs, LangChain orchestration, and vector databases.
